DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 21-33 have been canceled.

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including: A screen separating apparatus comprising: a chassis for supporting a screen frame carrying a sieve screen, said chassis providing a first bearing surface; at least one second bearing opposed to said first bearing surface such that the screen frame can be clamped between the first and second bearing surfaces; at least one expandable element mountable in the chassis to be between the first and second bearing surfaces

Art Unit: 3653

and arranged to expand in a direction transverse to the bearing surfaces, so as thereby to exert a force in a direction transverse to the bearing surfaces that effects said clamping of the screen frame; and one or more clamping members the or each of which is movable between a non-deployed position in which the frame can be lifted in the transverse direction away from the first bearing surface for removal from the chassis and a deployed position in which the clamping member is located relative to the chassis to provide the second bearing surface or one of a combination of the second bearing surfaces

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
